PROFESSIONAL SUMMARY

Java Full Stack Developer with hands-on experience in Java, Spring Boot, MySQL, HTML, CSS, and JavaScript. Strong understanding of object-oriented programming, backend development, and responsive UI design. Familiar with SDLC and Agile methodologies, with good problem-solving and team collaboration skills. Eager to contribute and learn in a dynamic IT environment.

TECHNICAL SKILLS

Programming: Java , python

Concepts: Object-Oriented Programming (OOP), SDLC, Agile Methodology, Basic Data Structures

Frontend: HTML, CSS, JavaScript, jQuery, Bootstrap

Database & Framework: JDBC, MySQL, Spring boot , React JS

Tools: Eclipse, VS Code, Git, GitHub, AI-assisted development tools , Jenkins (CI/CD basics)

Soft Skills : Problem Solving, Communication Skills, Team Collaboration, Analytical Thinking

PROJECTS

ATS -FRIENDLY RESUME CHECKER (JAVA + MYSQL)

- Developed an ATS-Friendly Resume Checker using **Java (Core + Swing)** and **MySQL** that analyzes resumes by extracting text from PDF files using **Apache PDF Box** and comparing it with job-specific keywords stored in a database.
- The system calculates an ATS score based on keyword matching and highlights missing skills to improve resume effectiveness. **JDBC** was used for database connectivity, following object-oriented design principles.

NETFLIX (HTML , CSS , JAVASCRIPT)

- Designed and developed a Netflix-inspired streaming platform UI.
- Implemented content browsing, search interface, and responsive layouts. Focused on user experience and adaptive design principles.

ONLINE COURSE ENROLLMENT (JAVA)

- Developed a web-based application using Java to streamline the process of course registration and management for students. The system allows users to browse available courses, enroll in preferred programs, and manage their course details efficiently.
- Implemented features like user authentication, course listing, and enrollment tracking to ensure a smooth user experience. Designed the application with a focus on modular structure and data handling using core Java concepts.

INSTAGRAM CLONE (REACT JS)

- Developed an Instagram-inspired web application using React JS with features like post feed, likes, and comments for interactive user experience. Utilized React Hooks and component-based architecture to manage state and designed a responsive UI using HTML, CSS, and Bootstrap

EDUCATION

KNOWLEDGE INSTITUTE OF TECHNOLOGY

Bachelor of Engineering (Computer Science and Engineering) ,
CGPA: 7.7

Salem
2021-2025

CERTIFICATION & ACHIEVEMENTS

- Front End Developer with Grade **A+** under **Capgemini Student Transformation Program**
- **BIG DATA – (NPTEL)**
- Master Program in Full Stack Development Using **Java**
